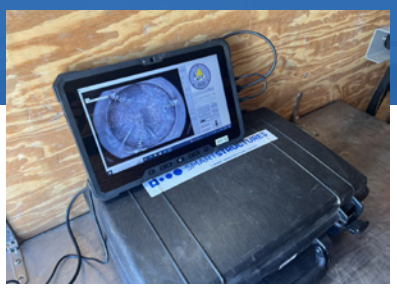
GPE MINI SID VCU UPGRADE



GPE MINI SID VCU UPGRADE

Bring your older GPE SID into modern times with a Smart SID VCU and tablet. We have replaced the large video cabinet with a compact Dell tablet and a wall mount VCU module. This can be easily installed with basic hand tools in less than an hour. It includes SS Proprietary Video Capture Software that provides the following abilities:

- Output as AVI file
- Still Shots with zoom, labeling and more.
- Record to hard drive or usb flash drive

THE UNIT WILL INCLUDE THE FOLLOWING NEW COMPONENTS:

1. Dell Tablet
2. Wall Mount VCU module
3. Data Jumper Cable
4. Tether bypass troubleshooting cable
